SUBSCRIPTION PRICE - - A Little Love
A Little Kiss, etc., Payable in Advance.

THE TRUTH

The Peerade Xtra is the contribution of the students of the School of Journalism to the annual Homecoming festivities. It is a miniature newspaper, containing false stories—not a line supposed to be the truth. No axes are ground; no stoves are thrown—it's all just for fun.

WELCOME TO COLUMBIA

A cordial welcome to all Kansans and Homecoming visitors in Columbia is extended by the Peerade Xtra. To the old grads we hope that your trip will have been well worth while. To the Jayhawk rosters and the team, we give you every courtesy and everything we have except the game this afternoon.

ESCAPES TO FALL

**Christian College Belle
Loses Hold of
Drain Pipe.**

For sometime reports have been rife that all was not well at Christian College. The girls have appeared tired and dejected; even the campus has had a depressed look. Things came to a climax last night when Pearlue McEstein, a college belle, fell from a drain pipe while attempting to escape from the female prison for a short spin in Voncoughman's new carnie roadster.

Desperate Desmond Bee, president of the college, said when interviewed by a scandal scraper for the Peerade Xtra, that this was the last straw. Unless something is done to curb the girls in their use of the drain pipe as means of exit, the campus will soon be a place of mere holes where they have fallen.

This is not the first time that this has occurred he said, but heretofore, all the girls who have fallen have been lightweight, and they have not been missed. Miss McEstein's weight, however, immediately dislodged two bricks from the chimney when she fell.
